SERVICEMEN'S CORNER:

Letter from a Serviceman:

Montauk Point, L.I.
Well, Howdy, ED! May 12:51
Received your most recent and welcome letter and Byline. Was more than glad to hear from you. So you have your own private "Rogue's Gallery" now, huh? Good for you! But I wouldn't put a picture of me up there--it might ruin the whole works if you know what I mean!

You say that both Bill and Porky are at Hamilton now? I sure wish I could be stationed there--at least it would be a little closer to home than New York! There are probably a lot more unfortunate guys than myself, though--who are a lot farther from home than I am.

I guess it did seem like old home week there for awhile, with all those servicemen home for the weekend at once. Incidentally, I'd like to get Keith Johnson's address from you, please. We went through "basic" at about the same time. I have had a letter from Art Hutchinson, and will have to answer it soon.

Was glad to hear that Eddie Rolland got married. Please give him my congratulations.

I guess I'd better sign off for this time, as I'm supposed to be working. Until the next time, keep up the good work, Ed--I know all the guys, including myself, really do appreciate what you are doing for them. Best regards--

Merle (SINBAD) Saylor
p.s. (yes, you can print this one!)

Letter from the Editor:

Hello, Sinbad: Thought you might like some of the news of the "guys" you know around here. In regards to Keith's address, can't print it in this paper, but will send it to you under separate mail. Wish I could print all the addresses here, as quite a few of you are writing me asking where your buddies are. If enough of you write in, I will make up some mimeographed lists of all you fighting guys, and send each of you a complete list. Then you can pick out the one's you'll want to write to. Haven't heard from either of the Hatch boys since Dick got transferred to Hamilton. Have seen Eddie Baron, though--and he tells me he may soon be back into active service, because of his "war experience"---and we all hoped he'd be discharged for good, because of his leg! Heard that Bob Tann is now a CPL. Don Walton goes overseas this week. 'bye for now--YE EDITOR.

THE WONDERFUL PENNY--by Elizabeth

Alice Theis--CHAPTER X:

So far and wide the subjects of the Fairy Queen made their way all over the Land of Mortals, creeping into men's homes, into women's hearts because only in the eyes of dreamers and in the hearts of children, was the spark of imagination still alive. The Court of the Witch of Evil had wrought great havoc.

And Bunny, through the power of the Magic Wand, saw all these things take place in a swift and blinding flash. "How happy I am that I have imagination!" he whispered to himself. "I could not buy the little tin soldier in the Notion Store, but I bought friendship with a penny!"

And the resplendent Fairy Queen, as if she heard his thoughts, turned to him and spoke in her tuneful voice. "Because of thy understanding heart, thou wilt be a famed man; your name shall be known all over the earth. As it is Christmas in the Land of the Mortals, shall I bring it here to you, too?" smiling mysteriously.

The little guest clapped his hands in joy. "There is nothing I would like better!" his big eyes now shining brightly. "A little Christmas Tree; just a teeny-weeny one---and maybe---a little tin soldier?--"

At a wave of her wand a most gorgeous spectacle rose to view, a sight that thrilled the little earth lad to the very fibres of his soul. A mighty castle appeared, it's golden turrets and parapets a vision to behold. Music sounded everywhere; trumpets echoed loudly; banners wave from castle windows.

"Oh, oh!" yelled Bunny, "What IS that gorgeous place?"

"It is the Castle of Forgotten Toys," laughed Her Majesty. "There the Toyland Dwarfs constantly repair forgotten playthings. Nothing is imperfect in Fairyland." Even as she spoke, the castle entrance was thrown open. Living dolls, dresses in the clothing of pages, stepped forth and heralded a coming event. Domino sentries, guns on their shoulders, were pacing the parapets like stern and unbending guards. As the earth lad watched entranced, the most marvelous parade he had ever witnessed passed before his vision; the Parade of Toys.

More and more wonders were pouring forth from the mighty castle. All had come to life through the magic of the castle dwarfs. Everything was perfect again; not a broken toy in all this vast array!

SAN FRANCISCO WATER LOST IN PIPE
BREAK AT BRISBANE:

Thousands of gallons of water were lost early this week because of a break in the S.F. Water Dept's pipe line a quarter mile north of Brisbane. The water Dept. said there was no interruption of service since extra water was diverted to a second pipe line. So that's what caused that beautiful fountain of water over there in the Crocker flats Monday morning, eh?

VOTE TODAY ON JEFF BOND ISSUE:

Today, May 18th, the voters of Brisbane are asked to go to the polls at the Brisbane School and vote for or against the Jefferson Union High School Bond Issue. It is suggested that all voters go to the polls between the hours of 1 and 7 p.m., so that they may vote both on the Bond issue and the Trustee election.

In regards to the bond issue, the following facts were pointed out in copy sent to this paper, and are not necessarily the views of the Editor and Staff of the Byline:

(1)--The bonds will be in the amount of one million three hundred thousand

dollars and are to be used for the purchase of two sites for future schools; the erection of a new high school on one of the two sites; the equipping and furnishing of the new school; the necessary ground improvements; and the erection of a multiple purpose building on the present site to be used primarily for a cafeteria.

(2)--Why? Because the children are growing up. There are now 3857 students in the public elementary and grammar schools of the district. The high school's present capacity is 900-950. By 1953 the high school enrollment will approach 1400, and that is just a beginning.

(3)--The new school is to be completed by the fall of 1953. (4)--The plans are not yet drawn, because plans cost

money, and the board of trustees want approval of the bonds before proceeding. (5)--Why was the issue set at one million three hundred thousand? Because that is the limit of bonding capacity as estimated two years ahead. (6)--Why

not build on the present site? Because it will be more economic to place the future schools where the children will

be. If more class rooms were put on the present site, eventually a need for a second gymnasium, more shops, a larger auditorium, etc. would arise. (7)--The proposed sites have been approved by the state. (8) None of this

will be state money. (9) This will make the school eligible for state funds. (10) The new plant will be a one story frame and stucco modern building. (11) If the bonds are de-

feated, we would inevitably come to the "split session" plan. This would release hundreds of boys and girls from school either mornings or after-

noons, and would greatly reduce the education available to them. (12) The bonds would be sold as the money is needed, by the county board of super-

visors. (13) The lowest responsible bidder would erect the buildings; and (14) Two-thirds of the votes cast are

necessary for an affirmative vote. PLEASE VOTE YES ON MAY 18TH!

Jefferson Union High School Bonds.

SON OF TRUSTEE CANDIDATE IN TOWN:

Seen in Brisbane on Thursday, May 15th, and making friends and influencing voters for his father in the May 18th election, was young Mike Callan, extolling the virtues of father, Thomas J. Callan, who is an incumbent candidate in the Friday election for Trustees for the Jefferson Union High School Board. The election will be from 7 to 7 today (Friday)--but it is suggested that the voters go to the polls between the hours of 1 to 7 p.m., so that they may vote on both the bond issue, and the Trustee election.

MOTHER'S DAY TEA:

Mother's Day was observed last Sunday afternoon when the Junior Girls of the First Baptist Sunday School honored their mothers at a Tea. The girls entertained with a play featuring "BIBLE MOTHERS", and then served tea and cookies. Those enjoying the afternoon were Joan and Mrs. Jack Fasshauer; Sandra and Mrs. Ellen Hart; Ellen and Mrs. Andrew Petrinka; Kay Lee and Mrs. Bernard Miles; Kathleen and Mrs. M.G. Hansen; Carol Ann and Mrs. Robert Ledbetter; Sandra and Mrs. Stephen Rowak; Marilyn and Mrs. Charles High; Susan and Mrs. William Brower; Linda and Mrs. Donald Jorgensen. Also present were Mrs. William Corben, Mrs. Ernest John, Rev. R.S. Beal, Mrs. Findlay and Marilyn, Janice High, and Kathleen Brower.

BRISBANE PTA ANNOUNCEMENTS:

The regular monthly meeting will be held on Thursday, May 24th. Mrs. Clara Dills, county librarian, will speak on "My Travels in Europe".

Entertainment will be an assembly program by the children of the Brisbane Elementary School. This meeting will be held at the school, and baby sitters will be present to care for the younger children.

The eighth graders will graduate June 6th, and the following evening the graduates will celebrate their success at a party which is being planned for them, by their teachers and members of the Brisbane P.-T.A.

Monthly executive meeting of the Brisbane PTA was held on Tuesday, May 15th, at the school.
